Living Language English

By taking the Razem Razniej Living Language Intensive English course, you will enjoy the unique experience of living and studying in your teacher's home in England.

Our experienced teacher specialises in this particular area of English language tuition.

The Razem Razniej Living Language course provides you with an environment where constant, natural learning takes place in a relaxed atmosphere. Formal tuition generally takes place in the mornings but of course learning continues throughout the day.

The programme is specifically designed for learners who recognise that the ideal way to learn English is to immerse themselves in the language. The undivided attention of a personal teacher also means that lessons can be adapted to suit your specific needs.

Our teacher has over ten years experience of hosting students – both adults and children - and has EFL qualifications certified by the British Council.

Teacher profile—Mrs Silber

“We live in Blackwater on the outskirts of Camberley, which is located within an hour of London. It is convenient for day trips to the capital but also in a lovely location for exploring the countryside of South East England. There is a parade of shops about five minutes’ walk from the house in Blackwater village but a greater variety of shops can be found in the Meadows shopping centre and Camberley town centre (walking distance/ local bus). The countryside around Blackwater is immensely attractive and very popular for outdoor pursuits- walking and cycling (we keep a bike for our guests).

There is a sports centre in Camberley with swimming pool, a nine-screen cinema complex with a twenty-lane bowling alley and also plenty of restaurants and bars.

Our house is within easy reach of Guildford and Reading for a pleasant afternoon trip. London, Oxford, Winchester, Salisbury, Stonehenge, Southampton and Bath can be visited in a day.

The house has four bedrooms and a large south facing garden (a favourite place to eat in the summer months) and you will be accommodated in a good-sized single room downstairs with direct access to the shower-room. You will have your own sitting room with TV with DVD and internet access via WiFi (please bring your own laptop if possible).”
